## THE PRESIDENT SPEAKS...

Hello and greetings to everyone who continues to support Neo Networks, Inc. This is our 12<sup>th</sup> year since we received our 501(c)3 non-profit status from the Internal Revenue Service.

The year 2018 was another successful year for Neo Networks, Inc.

Picture of our tutoring center

### Question:

(1) What does Neo Networks provide?

### Jason:

Neo Networks is a 501 (C) 3 non-profit organization that provides services to students of all demographic categories that gives them the opportunity to improve their knowledge in several subjects.

No matter what level of a person's financial status, a student still has the opportunity to gain the needed guidance to excel in his or her desired subject.

### Question:

(2) When was Neo Network established and who has the company worked with?

### Jason:

Neo Networks was established in January 2006. In the last eleven years, we have worked with several after school programs in the metropolitan area (Future Foundation, Job Corps, DeKalb Workforce, Senior Centers, and etc.) which included a multicultural group of diverse students from the inner city and refugees from African Countries. We also created mentoring groups, provided homework help, taught computer literacy, and provided food and nutrition classes. We provided scholarships to several students to go to Georgia Tech, Clayton State University and University of Georgia.

### Question:

(3) What type of classes does Neo Networks offer?

**Jason:** Currently we are focusing on high school classes and test preparation for high schools students. The classes are CCGPS Algebra for 9<sup>th</sup> grade students, Analytical Geometry for 10<sup>th</sup> grade students, Math 3 for 11 grade students, Math 4 for 12 grade students, SAT prep, ACT prep, and ASVAB prep. We plan to revisit particular areas that need more attention and provide a flexible schedule to accommodate the needs of our students.

**Question:**

(4) When are the classes held?

**Jason:**

This year, we will be focusing mostly to online classes because this will be a lot easier on the students and their parents. Most of the parents work late and transportation is a big problem in getting them to the office.

**Question:**

(5) Which schools are Neo Network currently focusing on?

**Jason:**

We are currently focusing on high schools and colleges in DeKalb area. We are open to other students who are interested in being tutored within the metro area.

## SPECIAL THANKS

Thanks to Billi Marcus Foundation, Rose Partners, LLC, Mr. Richard Leslie, Mr. Jack Cox, Mr. & Mrs. Earle Fredrick. Because of our dedicated donors, we had a very successful 2018.

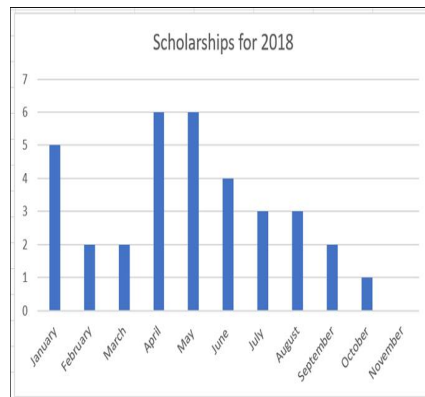

## ACCOMPLISHMENTS:

It has been over twelve years since I began my dream of having Neo Networks mentoring and teaching technology skills to youth and adults of all ages and nationalities. To date, I am very proud of our accomplishments and I look forward to establishing relationships with additional organizations, as well as extending our efforts to other neighboring cities.

I would like to share with you some of our recent accomplishments in the form of scholarships. In order for a student to receive a scholarship award, Neo Networks has

specific guidelines and the scholarship award had to be approved by the board.

Below you can view Neo Networks' accomplishments. Scholarships awarded and the colleges and universities that 100% of our graduated seniors are presently attending.

For more of Neo Networks accomplishments, please login to our website at [www.neonetworksinc.org](http://www.neonetworksinc.org).

(1) Neo Networks participated in after school programs at the Recreation Center.

(a) Provided school supplies on an as needed basis.

Neo Networks sponsored Holiday Celebration December, 2018

(2) Neo Networks sponsored Halloween and Holiday parties at the Recreation Center for the After-School Program.

## NEO NETWORKS FUTURE PLANS...

Continue our After-School Programs.

## HOW TO CONTRIBUTE

Neo Networks can always use help in various areas. If you would like to volunteer, donate, or make a monthly pledge, please send an email to [neonetworks@comcast.net](mailto:neonetworks@comcast.net) with your contact information and area in which you are able to help.

## THE WISH LIST

1. Educational Programs and Books
2. School supplies-Pencils and Paper
3. Laptops or Small Desktop Computers to build computer Lab.
4. Electronic Project Kits for Students between the ages of 12 – 18 years old

## **NEO DONORS' LIST**

**Our success is the result of our dedicated supporters.**

**Neo Networks thanks you for your generous contributions.**
